- Members In Attendance/Apologies/Visitors
- Confirmation/Actions from Previous Minutes
- Correspondence In/Out
- Financial Report
- Members Platform
- AREC Report
- Repeater Trustees Report
- General Business
- Close of Formal Section of Meeting
- Education/Entertainment Segment
- Presentations

Members Present at Meeting

- Alan Dale, Bert Toomey, Mark Windram, Richard Paul, Ross Boswell & Gary Ball.
- New members at the meeting were Albert Olivier ZL1BAA & Ria Olivier ZL1RIA. It's great to see new faces and we thank them very much for their support.

Visitors

- None.

Confirmation/Actions from Previous Minutes

- March Meeting Minutes and Newsletter has been received and accepted as distributed.
- Moved – Alan Dale, Seconded – Ross Boswell.

Correspondence In

- Newsletters and other electronic correspondence have been forwarded to the members by the Secretary.

Correspondence Out

- Various emails by the Secretary have been sent out, newsletters from other branches.

Financial Report

- Nothing Reported
- Reminder to pay subs (if you haven't already). Also remember that subs have risen this year to \$25.
- New subscription category for family/couples. This has been set to \$40.

Members Platform

Anything raised by club members or radio stuff you want to show/tell the club about.

- **Gavin – Relocation** By the time you read this he will have moved from his home at Point Wells to his new QTH in the Winterless North. We wish him and Joy all the best and hope we hear him on the air-waves once he sorts his antenna out with the local council.
- **Albert & Ria – Getting Youth/Anyone Into Radio.** Talked about ways we can get youth involved in amateur radio. They mentioned that we could organise events, such as a JOTA, for young people and also that we need to get the word out there. Albert is keen to get out to do some QRP too! Not to forget, they also came into the meeting with a large platter of edible goodies :)
- **Gary – Squid Pole & NZART PLI Issue.** Showed off a Squid Pole and caught the attention of at least a couple of interested parties at the meeting. Gary has also highlighted that the club is no longer covered by NZART's Public Liability Insurance. This is due to the fact that the club holds "Charitably Status" and therefore cannot/will not be covered by NZART's insurers, AIG. Please see the "Presidents Propagation" newsletter for more details.

AREC - Report and Activities

- Nothing reported

Repeater – Trustee's Report and Activities

- The repeater is working well and is putting out a strong and clear signal.
- The Repeater's online status is available online: <http://zl1rod.org>
- Net meeting is on Thursday at 19:30 on 147.300MHz. Duration is approx. 30 minutes in length.
- Our Net has poor attendance and needs your help. Even if you just pop up once in a while just to say hello it makes it all worthwhile to those who keep it running week after week.

General Business

Website/Mailing List

- Website continues as normal – check it out regularly, it's one of the clubs primary sources for information and resources <http://zl1rod.org>.

Formal Meeting Closed - 12:00

Next Meeting

The next meeting of the Rodney Amateur Radio Club will commence on,

Saturday 11th May 2019 at 10:00AM

Meeting Room, Wellsford Library

Education/Entertainment

- Alan showed a video called “What’s Best, Horizontal or Vertical Antenna?” By Callum M0MCX. You can view it here, <https://www.youtube.com/watch?v=JXAutlCwKOA>

Presentations

- None

Over and Out

The following two operators fell silent recently. Neither had anything to do with our club or NZ for that matter but, both are worthy of a mention.

The Rev. George Dobbs G3RJV – Founder of the [GQRP](http://www.gqrp.org) low powered radio club which he began in 1974 and continued running plus editing the clubs SPRAT magazine. George also wrote articles for Practical Wireless from 1996 to 2015. He gave a talk a few years ago and is available on YouTube - <https://www.youtube.com/watch?v=bzSjoZoj11s>

Owen Garriott W5LFL – NASA astronaut who spent sixty days in space aboard Skylab 3 and later flew a Space Shuttle mission aboard Columbia. He was noted as being the first amateur radio operator to operate an amateur radio station from space.

"It was my good fortune to take the first amateur radio into space," said Garriott. "In my spare time only, I managed to hold up an antenna to the window and to talk to amateurs on Earth."

Thank you everyone for supporting the club. Enjoy your radio and radiate that RF!

73 and going QRT...

Gary ZL1FAB
