- No videos shown due to AGM time constraint.

Presentations:

- No presentations due to AGM time constraint.

Member's Contributions

Ross – ZL1DRB

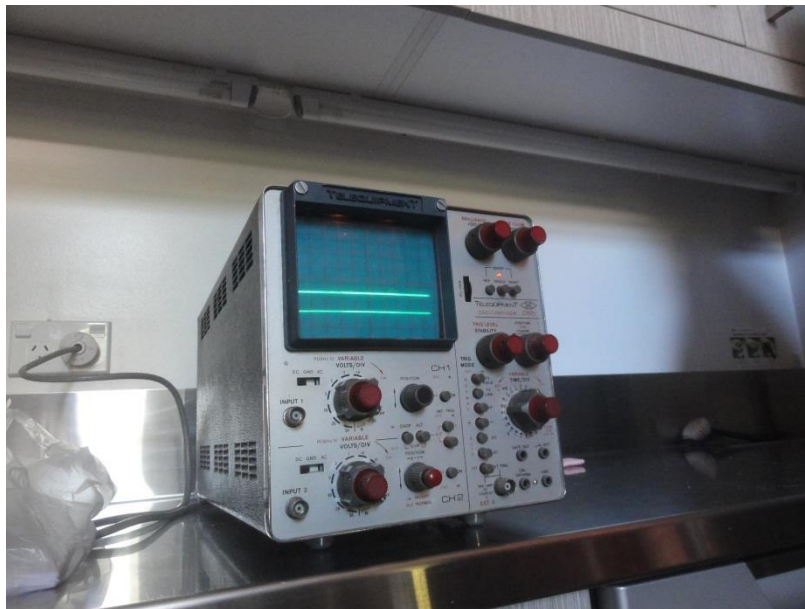

Ross brings up the idea that our Club could start procuring and offering items of interest to our members. This could include magazine subscriptions (like QST) or certain HW equipment that could be lent to members.

This way our Club offers more than “only monthly meetings” to our members.

Sandy – ZL3AXL

Sandy offers an old oscilloscope to our members. He is happy to give it to whoever can use it. It is a dual trace 15MHz analogue scope.

Gary-ZL1FAB will take it into his storage until a member shows interest in having it.

In the name of all, the Club would like to thank members who share their latest acquisitions and information with us. This makes our meetings more interesting and gives us the opportunities we would else not have.
