

Monthly Branch Meeting Agenda, Minutes and Newsletter

Wellsford Library - 8th June 2019, 10:00

Club Contact	Richard Paul	ZL1DP	rentdrive@xtra.co.nz	09 425 7233
President	Gary Ball	ZL1FAB	gary@theballz.co.nz	020 425 9902
Secretary	Ross Boswell	ZL1DRB	zl1rod@med.co.nz	
Treasurer	Paul Sole	ZL1VPS		

Agenda

- Members In Attendance/Apologies/Visitors
- Confirmation/Actions from Previous Minutes
- Correspondence In/Out
- Financial Report
- Members Platform
- AREC Report
- Repeater Trustees Report
- General Business
- Close of Formal Section of Meeting
- Education/Entertainment Segment
- Presentations

Members Present at Meeting

- Alan Dale, Ken Robinson, Albert & Ria Olivier, Mike Conner, Ross Boswell & Gary Ball.

New Members

- David Frith

Visitors

- None.

Confirmation/Actions from Previous Minutes

- May Meeting Minutes and Newsletter has been received and accepted as distributed.

Correspondence In

- Newsletters and other electronic correspondence have been forwarded to the members by the Secretary.

Correspondence Out

- Various emails by the Secretary have been sent out, newsletters from other branches.

Financial Report

- No update this month.
- Reminder to pay subs (if you haven't already). Also remember that subs have risen this year to \$25.
- New subscription category for family/couples. This has been set to \$40.

Members Platform

Anything raised by club members or radio stuff you want to show/tell the club about.

- **Albert - Squid Pole.** Albert informed us that he had purchased a squid pole via Ali Express. Apparently it is 13m long. He said he was not going to use the top two sections because they were quite thin and could break in a strong wind. However, that still means he can run a 40m vertical or 80m/40m inverted-L (space allowing). Having said that, propagation is so bad at the minute he would be more productive using it as a fishing rod!
- **Ross – Import Licence.** Ross is still “negotiating” with RSM team about getting an import licence in order to legally import transmitting radios into NZ.
- **Gary – 49:1 Auto-Transformer.** I have upgraded my current 49:1 auto-transformer which currently has only one FT240-43 toroid. The new one has two cores and should be more efficient.

Not much presented by members at the meeting this month. It would be good to see more stuff for others to see.

AREC - Report and Activities

- Nothing reported

Repeater – Trustee’s Report and Activities

- The repeater is having a tantrum of late and working when it feels like it. Mike has been on-site but has found nothing obvious as to the cause other than some cross-modulation. We are looking into options for repair/servicing and also replacement if needed. We have had some generous offers of help with this matter.
- As a result of the NZART PLI issue, we have found that our repeaters asset value is set way too high and this needs to be assessed and corrected in our finances.
- Our Net has poor attendance and needs your help. Even if you just pop up once in a while just to say hello it makes it all worthwhile to those who keep it running week after week.

General Business

Website/Mailing List

- Website continues as normal – check it out regularly, it's one of the clubs primary sources for information and resources <http://zl1rod.org>.

Formal Meeting Closed - 12:00

Next Meeting

The next meeting of the Rodney Amateur Radio Club will commence on,

Saturday 13th July 2019 at 10:00AM

Meeting Room, Wellsford Library

Education/Entertainment

- Alan showed the following video,
The Engine that Won the War - <https://www.youtube.com/watch?v=GYcKdK7hmEo>

Although the video was not Ham related, I do think that engine would be a good electrical generator for Field Day – if you could hear anything above the noise it created!

Presentations

- None

Over and Out

The club would like to welcome it's latest member David Frith, ZL1QV. I am personally delighted to welcome another member (and newly qualified) to the club. I hope David had a good time at the meeting and found our welcome to his liking.

I mentioned last month that John Smart had joined the NZ QRPers group after I sent out a note about the group. He got his name on the front page of their latest newsletter too!

NEW MEMBERS:

A welcome to the latest join-ups.

John ZL1BEY who can claim a moment of fame, being the most Northern member in our group, and NZ's most Northern Ham! He hails from Pukenui, Northland, on the shores of the Houhora Harbour. Grid Square: **RF65ne**. A good guy to get signal reports from.

Thank you everyone for supporting the club. Enjoy your radio and radiate that RF!

73 and going QRT...

Gary ZL1FAB
