Members Present at Meeting

- Alan Dale, Bert Toomey, Paul Kaufmann, Mark Windram, Richard Paul, Ross Boswell & Gary Ball.

Meeting Apologies

- Mike Connor

Visitors

- Albert ZL1BAA who's recently moved to Wellsford.

Confirmation/Actions from Previous Minutes

- February Meeting Minutes and Newsletter has been received and accepted as distributed.
- Moved – Paul Kaufmann, Seconded – Alan Dale.

Correspondence In

- Newsletters and other electronic correspondence have been forwarded to the members by the Secretary.

Correspondence Out

- Various emails by the Secretary have been sent out, newsletters from other branches.

Financial Report

- Nothing Reported
- Reminder to pay subs (if you haven't already). Also remember that subs have risen this year to \$25.

Members Platform

Anything raised by club members or radio stuff you want to show/tell the club about.

- **Richard – wants a members contact list distributed.** We need to check that all information is current and honour those members that wish to remain anonymous.
- **Bert – wants ideas for an antenna at his QTH.** Bert lives in a retirement village and has rules that dictate what he is, and isn't, allowed to do at the property – antenna's are really in the latter category plus signal noise is bad too. Suggestion was made to use an SDR to listen with but what crafty antenna ideas can we come up with so he can transmit. Get your thinking caps on. Bert also showed off his working uBITX – he brought it in late last year but the device had succumbed to the magic smoke effect when he connected the power in reverse!
- **Gary – Squid Poles.** Purchased two squid poles from Australia to replace the failing bamboo canes holding his antenna up in the air and that caught the attention of our visitor, Albert, who asked for the website address – Ross promptly found the site and Albert was able to have a quick look. Company is Haverford and their squid poles are found at <https://haverford.com.au/search?type=product&q=squid+poles> . Gary also took part in field days (as a home station) – made 143 contacts which included twenty different branches up and down NZ.

AREC - Report and Activities

- Nothing reported

Repeater – Trustee's Report and Activities

- The repeater is working well and is putting out a strong and clear signal.
- Net meeting is on Thursday at 19:30 on 147.300MHz. Duration is approx. 30 minutes in length.
- The Repeater's online status is available online: <http://zl1rod.org>
- Due to a poor turnout for this weekly event, we are considering changing from a Thursday evening to a Tuesday Evening to see if it better suits and encourages more members on. Any feedback on this change is most welcome.

General Business

Website/Mailing List

- Website continues as normal – check it out regularly, it's one of the clubs primary sources for information and resources <http://zl1rod.org>.
- Mailing list has gone quiet of late, some of that is my fault but the more we have taking part, the merrier. If you have not subscribed to the mailing list and want to join, send an email to webmaster@zl1rod.org asking to join.

Formal Meeting Closed - 12:00

Next Meeting

The next meeting of the Rodney Amateur Radio Club will commence on,

Saturday 13th April 2019 at 10:00AM

Meeting Room, Wellsford Library

Education/Entertainment

- Alan showed a video called “**Getting Started on 6M**” by Eric KJ4YZI. You can also view this at <https://www.youtube.com/watch?v=UcRuJvPEPrU>

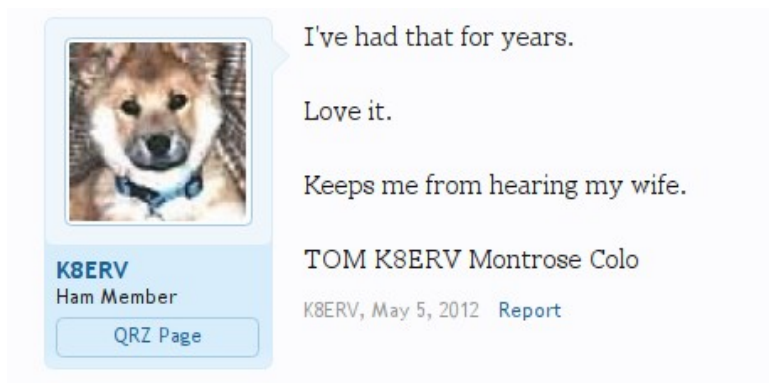

Presentations

- None

Over and Out

For those of you that remember Phil McGeachie ZL1WO, sad news was relayed by Richard during the meeting that Phil had become a SK on February 22nd, he was aged 81. Phil was as based at the Satellite station and was a former member of Branch 71.

On a lighter note, you will probably know I am learning CW. Unfortunately my CW copying skills are nil due to the constant Tinnitus I suffer with. One day recently I was on the Internet and searching for ideas to reduce my Tinnitus or, help me copy code easier and then I stumbled on this posting on the QRZ forums. After reading the post by K8ERV my Tinnitus was still there but somehow I felt better :)

Thank you everyone for supporting the club. Enjoy your radio and radiate that RF!

73 and going QRT...

Gary ZL1FAB
