- Presentations

Members Present at Meeting

- Alan Dale, Albert & Ria Olivier, David Frith, Ken Robinson, Mike Conner, Mark Windram, Ross Boswell & Gary Ball.

New Members

- None

Visitors

- None

Confirmation/Actions from Previous Minutes

- No newsletter for September meeting due to being ill, please accept my apologies.

Correspondence In

- Newsletters and other electronic correspondence have been forwarded to the members by the Secretary.

Correspondence Out

- Various emails by the Secretary have been sent out, newsletters from other branches.

Financial Report

- No report this month.
- New subscription category for family/couples. This has been set to \$40.
- Reminder to pay subs (if you haven't already). Also remember that subs have risen this year to \$25

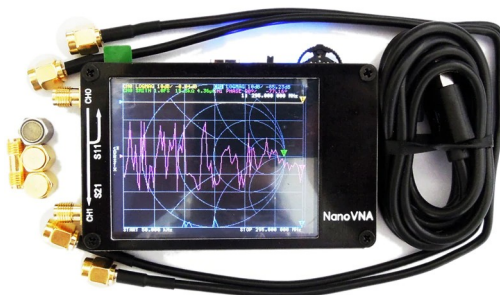

Members Platform

Anything raised by club members or radio stuff you want to show/tell the club about.

- **Ross Boswell – ZL1PAK Ozone Machine.** Ross reported that Paul Kaufmann's CW assisted Ozone machine worked wonders on one of his vehicles which had an odour inside. It's amazing what Dit's and Dah's will do!
- **Mike Conner – DMR Hotspot.** Mike brought along his new DMR Hotspot which he got from Ali Express, <https://www.aliexpress.com/item/32982008390.html> At the time of writing this, the above supplier has no stock left. An alternative supplier can be found here <https://www.aliexpress.com/item/4000031616244.html> or, just do a search on Ali Express for "DMR Hotspot".

- **David Frith – Nano VNA.** David showed off his Nano-VNA which he also purchased from Ali Express. <https://www.aliexpress.com/item/4000141945862.html> It's been reported that the build quality of these things can vary but David seems pretty happy with it and, the supplier it came from.

AREC - Report and Activities

- Nothing reported

Repeater – Trustee's Report and Activities

- The repeater seems to be behaving itself of late after having a bad time in recent months. We will continue to monitor the situation and take follow up action should it go AWOL again.
- Just a reminder to get on the Rodney 730 Net on a Thursday evening. It will be very much appreciated. Start time of 7.30PM and goes on for about 20 - 30 minutes.

General Business

Website/Mailing List

- Website continues as normal – check it out regularly, it's one of the clubs primary sources for information and resources <http://zl1rod.org>.

Formal Meeting Closed - 12:10

Next Meeting

The next meeting of the Rodney Amateur Radio Club will commence on,

Saturday 9th November 2019 at 10:00AM

Meeting Room, Wellsford Library

Education/Entertainment

- Alan showed a couple of videos by Dave Casler KE0OG
Antenna Analyzers – How to use.
Intro to DMR
How to build a dipole for 6m.

Presentations

- None.

Over and Out

Well we are at solar minimum (or are we?), shocking propagation in general, no sunspots and solar flux levels that are in the basement. One day recently I went onto the website and had a quick look at the Band Condition info, on the main page. I had to do a double take as most bands were reading that they were in good condition then I looked at the solar flux reading... 84856, WTH! It appears that there were a few glitches with the solar readings for a few days which accounted for this. I think most of us would take 1/1000th of that reading over what we have currently!

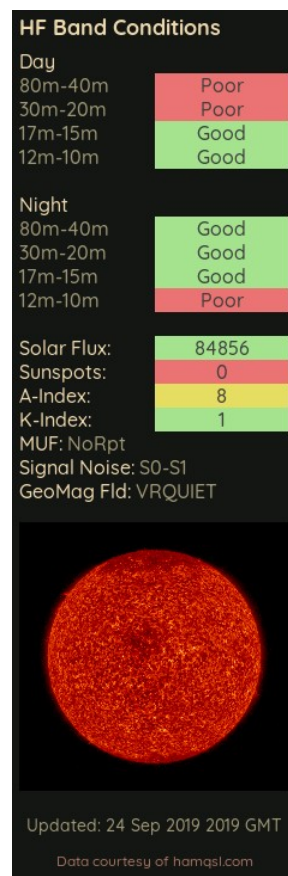

Just a quick note to members that we are in the process of updating the club members list and will distribute this once complete. Also those of you that are NZART members and have Rodney as their default club may want to check/update their club affiliation with NZART.

If you have some money burning a hole in your pocket then you might need the following.

Western Suburbs Radio Club (Branch 03) – Equipment Sale,

November 2nd, 9pm -Noon. Entry \$2

Rosebank Road Primary School Hall
217 Rosebank Road
Avondale

Thank you everyone for supporting the club. Enjoy your radio and radiate that RF!

73 and going QRT...

Gary ZL1FAB
